SEEDS OF SUCCESS

GRAND SLAM

LETTUCE

Type	GRAND SLAM is a Crisphead type lettuce for the spring and autumn slot and is suited for fresh, pre-pack and processor markets.
Maturity	55-60 days from transplant.
Plant Characteristics	Large frame with deep green colour. A plant population of between 40 000- 60 000 plants per hectare is recommended.
Features and Benefits	Very uniform ensuring a high first cut percentage.

Lettuce is extremely susceptible to varying climates, it is recommended that more than one variety is grown within each time slot
